Residential Care

A close-up photograph of an elderly woman with short, wavy grey hair, smiling warmly. She is wearing a light grey crew-neck sweater. A caregiver, seen from the side and wearing a blue uniform, has their hand gently resting on the woman's shoulder. The background is softly blurred, showing what appears to be an indoor setting with large windows.

“Snowy River Views has given our family peace of mind. The facility is just like home, and the exceptional staff treat Mum like one of their own”.

Our people

At Snowy River Views, our team is dedicated to providing round-the-clock care and support with kindness, respect and genuine connection.

The home-like design means staff are always close by, while remaining discreet, creating an environment that feels calm and comfortable rather than clinical. This approach supports continuity of care, allowing our team to truly get to know each resident and their family—building trusted relationships and tailoring care to individual needs, preferences and personal goals.

With a Registered Nurse on duty at all times and 24/7 access to specialised nursing and allied health services, residents can feel confident that expert care is always available. Whether it's day-to-day support or more complex clinical care, our experienced team is here to respond with professionalism, compassion and the reassurance families can rely on.

Daily life at Snowy River Views

Residents can enjoy a range of regular features, including:

Smaller groups of residents allow for greater flexibility around meal choices and dining times. Delicious, nutritious meals are prepared by our chefs and served at a time that suits each resident. Residents can enjoy their favourite foods, and with access to a fully equipped household kitchen, they also have the option to cook for themselves or keep personal favourites on hand—just like at home.

The small household design gives each group of eight residents access to their own high-quality amenities, including outdoor gardens and terraces, as well as shared lounge, dining and kitchen spaces that feel comfortable and familiar.

Residents are welcome to spend time out with family and friends, maintaining strong connections with the people who matter most. A private dining room is available for celebrations and special gatherings, creating a welcoming space to come together. Throughout the home, a range of quiet, comfortable areas provide opportunities for residents and their loved ones to relax and enjoy time together onsite.

A range of spaces support wellbeing, connection and enjoyment. Activity nooks offer inviting areas for reading, games and hobbies, while the gardens provide a peaceful outdoor setting. A reflection room allows for quiet time, and the gym and hair salon support wellbeing. Together, these spaces create a balanced environment where residents can stay active, connected and at ease.

Our staff take the time to build genuine connections with residents, creating a warm, respectful and supportive environment.
